WANT RECIPROCITY

Manufacturers Not Disposed to Urge the McKinley Rates.

TEXTILE MANUFACTURERS' DAY.

Will Be Satisfied With Protection Enough to Prevent Unfair Competition - Controller Eekles on the Conditions of Banks - National Banks Today as Stable as They Ever Were.

WASHINGTON, Dec. 30.—The ways and means committee devoted the day to listening to the representatives of delegations interested in the schedules relating to cotton manufacturers and silk and silk goods. The attendance was not as large as Monday and the number who appeared to make oral arguments was much smaller. The committee is encouraging the filing of briefs wherever possible. The feature of the day was a brief oral argument made by E. C. Hovey of New York, representing the Textile Manufacturers' association, in favor of more stringent regulations to prevent undervaluations and fraud on the revenue. Mr. Hovey has a quiescent connection with the New York board of general appraisers.

The general impression among the tariff experts who attend the hearings before the committee on ways and means of the house is that the manufacturers are not disposed to urge the renewal of the high rates of the McKinley bill. They will be satisfied with just enough protection to insure them against unfair competition. What they do want is reciprocity and commercial treaties which will extend trade.

RECENT BANK FAILURES.

Controller Eekles Gives a Resume of the Situation.

WASHINGTON, Dec. 30.—Controller of the Currency Eekles said yesterday afternoon that he feels no apprehension over the bank failures which have occurred of late. Two more failures, the Commercial National bank of Roanoke, Va., and the Columbia National bank of Minneapolis were added to the list yesterday. They are comparatively small institutions, however, and under ordinary circumstances their failure, it is said, would attract only passing attention. Mr. Eekles when asked by a representative of the press as to the general banking situation, said:

Of course bank failures are more or less disquieting, but those which have occurred recently have little or no general significance attached to them. They were due largely to local causes wholly unconnected with the general condition of the banks through the country at large. The case of the Atlas bank was not a failure at all, but was a mere voluntary liquidation, every depositor being paid in full. The two failures of yesterday are of minor importance, in each instance the bank capital being only \$200,000. As against these few failures, based on local causes, the general condition of the banks is excellent. The reports received under the last call, that of Dec. 17, are uniformly favorable and show an average reserve held of considerably above the 35 per cent required by law. One of the last reports, that of the Brooklyn banks, shows that the average reserve held to be 34.02 per cent, and most of the reports run five or ten per cent above the legal requirements. In each case, the assets in detail make an entirely satisfactory showing as compared with the liabilities. On the whole it is evident that the national banks today are as stable as the banks of any other country.

POPULIST CONFERENCE.

Education of the Masses and Support of Populist Papers Decided Upon.

INDIANAPOLIS, Dec. 30.—The Populist conference which was called by State Chairman Rosenheimer to meet in this city, convened at English's hotel yesterday. Immediately on convening N. H. Motesinger desired to exclude from the meeting all who had been guilty of fusing in the last campaign. Finally the call was read and it was then learned by the middle-of-the-road people that there was a clause which permitted all persons who were in favor of free silver to participate in the conference.

FILIBUSTERING THREE FRIENDS.

New Method of Prosecution Will Be Had Against the Steamers.

WASHINGTON, Dec. 30.—The authorities of the treasury department and the department of justice expect that the prosecution of the alleged filibustering steamer Three Friends will be under section 5,282 of the revised statutes. This will be a new method of prosecution. Section 5,282 is directed against the arming and mounting of guns on a vessel intended to be used against a friendly nation. As those on board the Three Friends have given circumstantial detail as to the mounting and firing of a Hotchkiss rapid fire gun, it is believed by officials that section 5,282 will apply to the case. The proceeding against the vessel is much more severe than in the case of a libel for fitting out an expedition. The statute provides that on conviction the vessel and all tackle, stores, etc., shall be forfeited to the United States.

PENSION OFFICE RULES.

Commissioner Murphy Has Promulgated Two Which Will Simplify Matters.

WASHINGTON, Dec. 30.—Two radical changes in the procedure of the pension office have been made. All claims

for increase, save in extraordinary cases, hereafter, will be sent direct to the medical division of the bureau without having to be passed upon by the board of review, as has been the custom for years. Another step is that hereafter there will be no necessity for cases before the board of review being passed upon by three or four examiners. Commissioner Murphy has fixed the number of the examiners who must review each claim at two. This, he thinks, will minimize errors and delay and be of benefit to the service.

COUNTERFEIT BANKNOTE.

WASHINGTON, Dec. 30.—Chief Hazen of the secret service has issued a circular of warning against a new counterfeit \$10 national banknote on the Union National bank of Detroit. The note is the product of the same hand which produced the recent counterfeit on the National Bank of Commerce of New York. One distinguishing feature is that the back of the note is upside down.

HAS ARRIVED AT CANTON.

Big Tin Horn Is Presented to President-Elect McKinley.

CANTON, O., Dec. 30.—The big tin horn which attracted so much attention in the Illinois campaign reached Canton yesterday borne by the men of Decatur, Ill., who set out on Nov. 16 to make the trip and carry the horn to Canton. The horn is 30 feet long and has a bell six feet in diameter and it requires about a dozen men to blow it. The men are laborers, two of them being carpenters, two tinners and two painters. It was a condition of the undertaking that the citizens of Decatur would contribute a purse of \$1,000 in event that an equal sum was raised by the men while on the march to Canton. But the men have not had smooth sailing. They declared that up to the time they reached Indianapolis they had good success in selling pictures of the horn and in other contributions, but that since that time they have not made success.

The hospitality shown them has been generous with but very few exceptions. They have been met by bands and drum corps and other organizations in the states through which they passed. The men, soon after reaching the city, went to the McKinley home and presented the horn to the president-elect, who received the visitors very cordially. On account of the incessant rainfall, no demonstration was made.

General Anson McCook, one of the "fighting McCooks" of New York, spent the afternoon with Major McKinley. His call was of a social nature and understood to be without political significance. He is an old friend of National Chairman Hanna and has been visiting at the latter's home in Cleveland.

Other callers during the afternoon were Charles W. Mackey of New York and ex-State Senator Hodge of Cleveland.

INSURGENT VICTORY

Dynamited a Train and Defeated the Soldiers in Charge.

DASHED INTO GUANABACOA.

Weyler Is Reported to Have Divided His Columns Again—Has Been Doing Nothing but Sending Out Guerrillas to Burn Dwellings and Kill Pacifists—Vice Consul Springer Leaves for Home.

KEY WEST, Dec. 30.—Smuggled messages from Havana state that the patriots gained a victory near Matanzas dynamiting a train and then defeating the Spanish soldiers in charge, securing a good supply of arms and ammunition. The Spaniards deny the rumor, but Cuban sources affirm its truth.

Major Laredo, of the Spanish troops, was killed, and 15 soldiers fell.

The patriots dashed into Guanabacoa, six miles from Havana, again Monday night and fired several houses. The Spanish troops fought them for two hours, the loss on each side being small. The alertness and audacity of the patriots in fighting so near the Havana fortress has caused much alarm again to the Spanish officials.

Weyler is reported as having divided up his columns again, and he will push into the mountains west of Artemisa this week. So far he has rested in his encampment, doing nothing save to send out guerrilla expeditions to burn dwellings and to kill pacifists.

A Havana dispatch says that General Arosas with a force of 6,000 Spanish troops of all arms, has been reconnoitering the heights of Rubi. General Fuentes, while reconnoitering south of Rubi, at Animas, Cuchillas de Las Damas and the entire range of Rosario hills, has destroyed several insurgent camps.

At the engagement which Colonel Curajeda had at Cayo La Rosa and its vicinity, it is now stated that the insurgent Lieutenant Colonel Pancho Palacio, of Brigadier General Castillo's staff was killed and Castillo himself was wounded. Villanueva, the insurgent leader, was also reported to have been wounded.

Two French citizens, Rene and Louis Renaudeau, are being tried in Morro Castle by the ordinary court-martial on the charge of rebelling against the Spanish government.

Mr. Joseph A. Springer, the United States vice consul general, will leave for the United States on the steamer Olive today.

By the steamer Santiago today there were sent to Chafarinas 37 political prisoners, and to Fernando nine cattle thieves and 55 Naniagos.

Two brothers named Fernando and Amado Pino, who are negroes and naturalized Americans, charged with being Naniagos and Tomos Amala de Colombo, have been expelled from the island.

Officially Denied.

MADRID, Dec. 30.—It is officially denied that there is any truth in the report published in a New York paper on Sunday last, that the United States consulate at Cardenas, province of Matanzas, Cuba, had been twice attacked and the shield torn from the door in spite of the efforts of the local authorities to protect the consulate.

An emphatic denial is also officially given to the statement of the London Chronicle that there was reason to believe that the French foreign office has been sounded, in regard to Cuba, in an anti-American sense.

Negotiating With Olney.

LONDON, Dec. 30.—It is quite clear that Spain is negotiating with Mr. Olney, but the Castilian pride compels the government to negotiate in an underhand way. They cannot help trying to arrive at a private understanding with the United States for the proceeds of the recent loan are nearly exhausted, and Captain General Weyler's apparent inaction has checked the buoyance which followed Maceo's death.

Ice Blockade.

ST. JOHNS, N. F., Dec. 30.—An ice blockade on the whole northwestern coast of the island has begun and steamers and vessels are returning here, it being impossible to reach the mining settlements. All navigation will be suspended for the balance of the year. The New Foundland legislature will attempt to secure reciprocity with the

When a Little One Is Expected in the Family.

When a little one is expected in the family how lovingly the parents plan together for their future welfare. They sometimes even forecast its education and career. Does this seem too early to anticipate while the child is yet unborn? It isn't. The child's destiny has already been partly mapped out by Nature according to the disposition and habits of the parents. The best plan a mother can make for the future happiness of her unborn child is to maintain her own cheerfulness and health while her child's undeveloped being is still a part of hers. Her health at this critical period is of tremendous consequence to the little one's whole future existence. Every prospective mother will find direct nourishment, comfort and sustaining strength, in Dr. Pierce's Favorite Prescription. It will maintain her vitality both bodily and mental; shorten the period of confinement and make labor easy and almost painless. It imparts strength and elasticity to the organs concerned in parturition, invests the mother with recuperative energy against any after period of weakness and depression, and aids in the secretion of healthy nourishment for the child. It is the unfailing cure of all "female weaknesses."

A banquet was given last night, at which 180 guests were present, nearly every city in the state being represented. Twenty-six mayors were present.

What Caused Arbutle's Death.

NEW YORK, Dec. 30.—In the case of Frank P. Arbutle, the wealthy politician and miner of Denver, who died under suspicious circumstances in this city on Nov. 19, a coroner's jury returned a verdict yesterday that death was caused by "fatty degeneration of the heart, chronic nephritis, cerebral and pulmonary oedema and other causes to the jurors unknown."

Missing Man's Body Found.

CRAWFORDSVILLE, Ind., Dec. 30.—The body of W. B. Hardee, who suddenly disappeared from here was found in a fence corner a mile south of town. The body was on one side of the fence, a gun on the other and a bullet hole in Hardee's temple. It is supposed to be a case of accidental shooting.

Black Diphtheria.

CROWN POINT, Ind., Dec. 30.—Black diphtheria is raging in the northern part of this county, there being 20 cases reported. The board of health has substituted a quarantine but the disease has such a foothold that it will be hard to suppress.

Died in an Almshouse.

PHILADELPHIA, Dec. 30.—Lansing W. Banker, who enjoyed the distinction of being the oldest living clown, except Dan Rice, died last night at the Philadelphia almshouse. He was about 75 years old.

Bog Landslide Ceased.

DURHAM, Dec. 30.—The destructive movement of the bog land at Castle island finally ceased last night. Two bodies have been found a mile distant from the scene of the disaster.

PECULIAR CASE.

Man's Leg Amputated as a Result of Nervous Prostration.

DISKO, Ind., Dec. 30.—Aaron Zimmerman is lying at the point of death from blood poisoning. A few months ago Mr. Zimmerman became very ill of nervous prostration. The disease settled in his right foot extending to his knee. It became evident that amputation alone would save the patient's life. The leg was cut off just below the knee, but there was no circulation of the blood at that point, and another amputation above the knee was made. Still there was no blood until the surgeon removed a thick black clot two inches long and of the diameter of a lead pencil, when the blood began to flow. Mr. Zimmerman did not rally from the shock, and his death is expected.

FREIGHT WRECK.

Engineer Hurt and Many Cattle Killed on a Crossing.

The engine, together with six Pennsylvania Central stock cars and several Baltimore and Ohio freight cars, were wrecked, and many cattle were killed. Markle was a new engineer and did not know the crossing.

Ohio Miners.

COLUMBUS, O., Dec. 30.—The Ohio miners state convention adopted four resolutions yesterday. That machine mining shall be three fifths of pick mining, provided western Pennsylvania consent that union men shall be employed in turn provided it is not illegal; that non-union men in union mines shall be "checked off" to pay expenses of the miners organization same as union men; that the mining rates be revised and that no scale for this year be signed by the organization.

Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

MR. SIDLEY, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. J. B. Sidley writes Oct. 25, 1895: "My wife was taken sick with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nervine and Dr. Miles' New Heart Cure, and she improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own housework. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them." Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nervous System free to all applicants. DR. THE PRISON SOUTH.

The people of southern Indiana should be proud of the present management of the prison south. Mr. Hert has proven himself to be one of the most efficient wardens the prison has ever had. From the time he took charge he has been a student of prisons and prison management. Few men are better advised as to the needs of such an institution than he. Many reforms have been instituted and others are contemplated. The improvements have resulted in a reduction of the cost of maintenance. The report of the State Board of Charities shows that the gross cost per capita of inmates for the year ending Oct. 31, 1895 to be \$102.82 as against \$113.13 for the previous year. There has been some complaint in reference to the distribution of patronage, but in the main we think such criticism has been without warrant. It is true that certain districts have been favored in the matter of patronage but it is also true that the employees are exceptionally efficient. After all the people are much more interested in an economic business like management than they are in the question of patronage.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, Constipation, Dizziness yield to Electric Bitters. Price 50c and \$1.00. Get a bottle at W. F. Peter's, successor to J. H. Andrews & Co., drug store.

Marvelous Results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery it was quick in its work and highly satisfactory in results." Trial bottles free at W. F. Peter's, successor to J. H. Andrews & Co.'s drug store. Regular size 50c. and \$1.00.

HONEYTOWN.

Our farmers are not doing much during holidays.

The Christmas tree at this place was a grand success.

Uncle Morty Hamilton's health is much improved.

Rev. Tone will fill his appointment at the M. E. church Sunday.

James Hamilton had several hogs to die from cholera last week.

Rev. G. M. Shuts delivered two excellent sermons here last Sunday.

Ira Isaac and wife, of Surprise, were the guests of Wm. Isaacs, of this place, over Sunday.

A party was given the young folks of this place by John Russel. A pleasant time was had.

Several big dinners were given in this neighborhood Christmas day and were greatly enjoyed.

Brother Shuts preached at the Christian church Saturday night, Sunday and Sunday night.

The school at this place closed for the holidays Thursday. It will open again Monday, January 4th.

Nona Hays has returned home for a few days visit during vacation. All are glad to have her here.

James Hamilton gave a turkey dinner Christmas. Every one present reports a good time and plenty of turkey.

William Isaacs and family spent Christmas at Surprise. They were at the infirmary of Ira Isaacs and wife.

Ben Robertson is home from school to remain during vacation. His many friends gave him a hearty welcome.

A Mr. Chastine, of Washington county, is visiting in Mr. Rust's family during the holidays, the especial guest of Miss Lottie.

After hearing some friends continually praising Chamberlain's Colic, Cholera and Diarrhoea Remedy, Curtis Fleck, of Anasheim, California, purchased a bottle for his own use and is now as enthusiastic over its wonderful work as anyone can be. The 25 and 50 cent sizes for sale by C. W. Milhouse, Druggist.

CARMEL.

A happy New Year to all.

Miss Ona Cross is on the sick list.

We are having fine weather and good roads.

Frank Reedy is attending school at the Rudolph Academy.

Jacob Reedy and sister, Mrs. Nora Thompson, visited at J. W. Smith's, near Enfield, Sunday.

Frank and Anna Smith and Miss Pearl Wheeler spent Christmas at J. W. Smith's, near Enfield.

Mrs. Margaret Reedy, who was apparently so near death's door with pneumonia, is convalescent.

Frank Cross is no more a citizen of Carmel, he having moved out in the country near Blagg school house.

Marion Wheeler and little children spent Christmas with the family of Isaac White in Hamilton county.

Prof. Chas. Ackerman and wife and Ed. Bennett arrived here from old Jackson Saturday to visit "Egyptian" friends during the holidays. Mr. Bennett will probably become a welcome addition to the Salt Creek colony.

Jacob Rich, the "village blacksmith," of "Auld Lang Syne" at Freetown, Ind., but now a blacksmith of Jeffersonville, Wayne county, Ill., is visiting L. M. Cross, O. H. Smith and other old friends near Carmel.

Ex-SALT CRICKER.

How to Prevent Pneumonia.

At this time of the year a cold is very easily contracted, and if left to run its course without the aid of some reliable cough medicine is liable to result in that dread disease, pneumonia. We know of no better remedy to cure a cough or cold than Chamberlain's Cough Remedy. We have used it quite extensively and it has always given entire satisfaction.—Olagah, Ind. Ter Chief.

This is the only remedy that is known to be a certain preventive of pneumonia. Among the many thousands who have used it for colds and la grippe, we have never yet learned of a single case having resulted in pneumonia. Persons who have weak lungs or have reason to fear an attack of pneumonia, should keep the remedy at hand. The 25 and 50 cent sizes are for sale by C. W. Milhouse, Druggist.

HORSE THIEF
Wanted in Indiana Landed by the Local
Authorities.

Jim Shields, a rough looking horse
dealer, was arrested by Detective Allen
yesterday and locked up at Central
Station for horse stealing. He is want-
ed at Bethel, Ind., for stealing a horse
and buggy from William Lancaster, a
farmer for whom he worked. Shields
has been known as Frank Sharpe, and
for 20 years he has been selling horses
at the Fifth street market.

Shields admits stealing the rig. It is
said that he is a member of a gang that
has been stealing horses all over Indi-
ana. They are sent along the line and
finally disposed of in this city. Shields
denies this, however, saying that this is
his first offense, although the police
think that he is wanted at Madison for
a similar offense.—Enquirer.

& O., was here last night
J. B. Setzer, of the L. M. Line, was
in the city to-day from Cincinnati.

ville, was brought here last evening.

went this morning to Westwood, O.
to visit relatives.
H. B. Goddard B. & O. division
freight agent came home last night from
a business trip to Bedford.

Conductor Charles Heins and family,
of the Louisville Branch, returned last
evening to Louisville from a visit to
relatives.
Frank Weaver and family, after a fine
visit to his father, Capt. John A. Weav-
er, and family, left to-day for their home
at Blue Mound, Kansas.

Engineer Charles W. Halk, who has
been pulling trains on the O. & M. and
other western lines, left last night for
Staunton, Va., his native home, to re-
main.
The freight wreck at Jeffersonville
night before last was an expensive affair
to the B. & O. Of the cars wrecked five
were burned, one of them a car of mer-
chandise for Seymour. The engine was
badly disfigured and a car of stock was
almost demolished, which will make the
loss quite heavy.

BEAT HIS WIFE
An Owen Township Man Must Answer a
Serious Charge.

John T. Deal, of Clearspring, who ac-
cording to reports so cruelly beat his
wife a few days ago, has been placed
under bond of \$2,000, his surety being
his boys.

If all reports are true Deal treated his
wife in a most inhuman manner. It is
said that he knocked her down, kicked
her and dragged her about in a way
that should call for the severest criti-
cism. Since that time Mrs. Deal has
been in a critical condition. Dr. A.
J. Banker, of Columbus, was called to
see her Monday and reports that while
she is seriously hurt she may recover.

The X Club Entertains.
The seventeen young ladies compris-
ing this club were "at home" last night
to their young gentlemen friends at the
residence of Miss Edna Brown, 220 W.
Second street. The house had been
tastefully decorated with pot flowers
and palms. Suspended from the chan-
delier were wreaths, the center bearing
the emblem of the club.

A pleasing program had been pre-
pared by three of the young ladies,
which was kept a secret by them from
the rest of the members, until executed.
First came a solo, after which a number
of songs received a hearty encore. The
president read an interesting "love
story" bringing in each young gent's
name.

Afterwards each gent was presented
with a sheet of paper having a young
ladies name, and was requested to write
a description of her as he had met her.
Some of the descriptions were excruciat-
ingly funny, showing how "color
blind" were they as to colors, make up,
etc.

Refreshments were served by a com-
mittee selected for the occasion, so that
the entire club and invited guests were
served at the same time, there being
thirty at the table, after which charades,
music and songs were indulged in until
time to depart.

Among those present from abroad
were Miss Mary Campbell, of Moore's
Hill, and Nellie Clark, of Washington.
Frank Platter, of Indianapolis and De-
Graff Billings, of Irvington.

Sudden Death.
George Patrick today received a tele-
gram from Queensville stating that his
mother, Mahala Patrick died suddenly
Tuesday night, December 29, 1896, with
heart failure, aged sixty-eight years.
She was called there the other day to
see a sick brother. She had been a re-
sident of Seymour for thirty years and
was held in high esteem by all. Two
sons, Henry and George, and three
daughters, Mrs. W. O. Simons, Mrs.
Henry Sottong, of Seymour and Mrs.
Isaac Whitcomb, of North Vernon, sur-
vive, who have the sympathy of all.
Burial at 2 o'clock to-morrow after-
noon at Vernon by the side of her late
husband.

Any of these would make a nice pres-
ent for Christmas. A pair of nice shoes,
ladies or gent's, slippers of all kinds and
a nice assortment. Jersey leggings \$1.00
to \$1.25; overgaiters 20 cents to \$1.00;

Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

DR. SIDLEY, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. J. B. Sidley writes Oct. 23, 1896: "My wife was taken sick with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nerve and Dr. Miles' New Heart Cure, and she improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own housework. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee. First bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

THE PRISON SOUTH.

The people of southern Indiana should be proud of the present management of the prison south. Mr. Hart has proven himself to be one of the most efficient wardens the prison has ever had. From the time he took charge he has been a student of prisons and prison management. Few men are better advised as to the needs of such an institution than he. Many reforms have been instituted and others are contemplated. The improvements have resulted in a reduction of the cost of maintenance. The report of the State Board of Charities shows that the gross cost per capita of inmates for the year ending Oct. 31, 1895 to be \$102.82 as against \$113.13 for the previous year. There has been some complaint in reference to the distribution of patronage, but in the main we think such criticism has been without warrant. It is true that certain districts have been favored in the matter of patronage but it is also true that the employees are exceptionally efficient. After all the people are much more interested in an economic business like management than they are in the question of patronage.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. Price 50c and \$1.00. Get a bottle at W. F. Peter's, successor to J. H. Andrews & Co., drug store.

Dr. Miles' Pam Pills stop Headaches.

POLITICAL BRIEVITIES.

Congressman Tracewell, it is said, will be a candidate for United States attorney for the district of Indiana.

Hiram Brownlee, of Marion, has withdrawn from the senatorial race.

Marvelous Results.

From a letter written by Rev. J. Gundersman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery and it was quick in its work and highly satisfactory in results." Trial bottles free at W. F. Peter's, successor to J. H. Andrews & Co.'s drug store. Regular size 50c. and \$1.00.

EX-SALT CREEKERS.

How to Prevent Pneumonia.

At this time of the year a cold is very easily contracted, and if left to run its course without the aid of some reliable cough medicine is liable to result in that dread disease, pneumonia. We know of no better remedy to cure a cough or cold than Chamberlain's Cough Remedy. We have used it quite extensively and it has always given entire satisfaction.—Olague, Ind. Ter Chief.

This is the only remedy that is known to be a certain preventive of pneumonia. Among the many thousands who have used it for colds and la grippe, we have never yet learned of a single case having resulted in pneumonia. Persons who have weak lungs or have reason to fear an attack of pneumonia, should keep the remedy at hand. The 25 and 50 cent sizes are for sale by C. W. Milhouse, Druggist.

WOMAN'S STRUGGLE.

All women work. Some in the homes.

Some in church, and some in the whirl of society.

Many in the stores and shops, and tens of thousands are on the never-ceasing treadmill earning their daily food.

All are subject to the same physical laws; all suffer alike from the same physical disturbances; there is

serious derangement in the womb.

Lydia E. Pinkham's "Vegetable Compound" is the unfailing cure for this trouble. It strengthens the proper muscles, and displacement with all its horrors will no more crush you.

Backache, dizziness, fainting, "bearing-down," "disordered stomach," moodiness, dislike of friends and society—all symptoms of the one cause—will be quickly dispelled, and you will again be free.

In the report of the secretary of
the Bartholomew county board of
health showing the number of births
recorded gives a total of 339. Of these
239 were males and 150 females. Ac-
cording to the opinion of some wise
men this unusual preponderance of
males born is a sign of war to occur
when the boys arrive at the age required
for military service.

Vacation comes some time in the
year in most lines of business
but the newspaper goes on
every day and week in the calendar.
The sanctum is rarely closed, for the
grind is unceasing. Each issue must be
a new paper in all its departments. The
clerk, the lecturer and the orator
may deliver the same speech or sermon
to different audiences, but the editor
cannot repeat the same matter in his
newspaper. His resources must be
sought to meet all demands.

HORSE THIEF
Wanted in Indiana Landed by the Local
Authorities.

Jim Shields, a rough looking horse
dealer, was arrested by Detective Allen
yesterday and locked up at Central
Station for horse stealing. He is want-
ed at Bethel, Ind., for stealing a horse
and buggy from William Lancaster, a
farmer for whom he worked. Shields
has been known as Frank Sharpe, and
for 20 years he has been selling horses
at the Fifth street market.

Shields admits stealing the rig. It is
said that he is a member of a gang that
has been stealing horses all over Indi-
ana. They are sent along the line and
finally disposed of in this city. Shields
denies this, however, saying that this is
his first offense, although the police
think that he is wanted at Madison for
a similar offense.—Enquirer.

Suggests Making the Show Free.

It is stated that President Hamilton,
of the State Board of Agriculture, in his
annual report, will ask an annual ap-
propriation of \$35,000 for the state fair,
and have the show open free to the pub-
lic. Other members say the board will
not indorse this recommendation.

C. P. Brown, of the Bee Line, was in
the city last evening.

Claim agent Harry Hull, of the B.
& O., was here last night

BEAT HIS WIFE
An Owen Township Man Must Answer a
Serious Charge.

John T. Deal, of Clearspring, who ac-
cording to reports so cruelly beat his
wife a few days ago, has been placed
under bond of \$2,000, his surety being
his boys.

If all reports are true Deal treated his
wife in a most inhuman manner. It is
said that he knocked her down, kicked
her and dragged her about in a way
that should call for the severest criti-
cism. Since that time Mrs. Deal has
been in a critical condition. Dr. A.
J. Banker, of Columbus, was called to
see her Monday and reports that while
she is seriously hurt she may recover.

The X Club Entertains.

The seventeen young ladies compris-
ing this club were "at home" last night
to their young gentlemen friends at the
residence of Miss Edna Brown, 220 W.
Second street. The house had been
tastefully decorated with pot flowers
and palms. Suspended from the chan-
delier were wreaths, the center bearing
the emblem of the club.

A pleasing program had been pre-
pared by three of the young ladies,
which was kept a secret by them from
the rest of the members, until executed.
First came a solo, after which a number
of songs received a hearty encore. The
president read an interesting "love
story" bringing in each young gent's
name.

Afterwards each gent was presented
with a sheet of paper having a young
ladies name, and was requested to write
a description of her as he had met her.
Some of the descriptions were exorci-
tatingly funny, showing how "color
blind" were they as to colors, make up,
etc.

Refreshments were served by a com-
mittee selected for the occasion, so that
the entire club and invited guests were
served at the same time, there being
thirty at the table, after which charades,
music and songs were indulged in until
time to depart.

Among those present from abroad
were Miss Mary Campbell, of Moore's
Hill, and Nellie Clark, of Washington.

Frank Platter, of Indianapolis and De-
Graf Billings, of Irvington. **

vive, who have the sympathy of all.
